Project Frontier

A landmark c. €5.7bn securitisation by NBG, doValue in consortium with Bain Capital and Fortress

€32 billion²
doValue GBV in Greece
#1 servicer in the
Country

Transaction structure

Comments

- **Landmark securitisation by National Bank of Greece**
 - First securitisation (under HAPS) by NBG, awarded through a competitive process
 - * NBG to retain 100% of senior notes and 5% of mezzanine and junior notes
 - * Bain Capital and Fortress to purchase 95% of the mezzanine and junior notes
 - * doValue Greece to undertake the servicing of the portfolio
 - * doValue to retain certain upside on the mezzanine and junior notes
- **Strategic importance for doValue**
 - Potentially the first of a series of securitisation by NBG
 - NBG only major bank in Greece that has not sold its credit servicing operations
 - doValue to incorporate certain number of FTEs from NBG as part of transaction
- **Accretive financial impact for doValue¹**
 - Price paid by doValue for servicing contract is approx. €35m
 - Approx. €5m of EBITDA per annum on average for the first 10 years of servicing
 - After 10th year (and until run-off) estimated total EBITDA of approx. €30m

.Note:

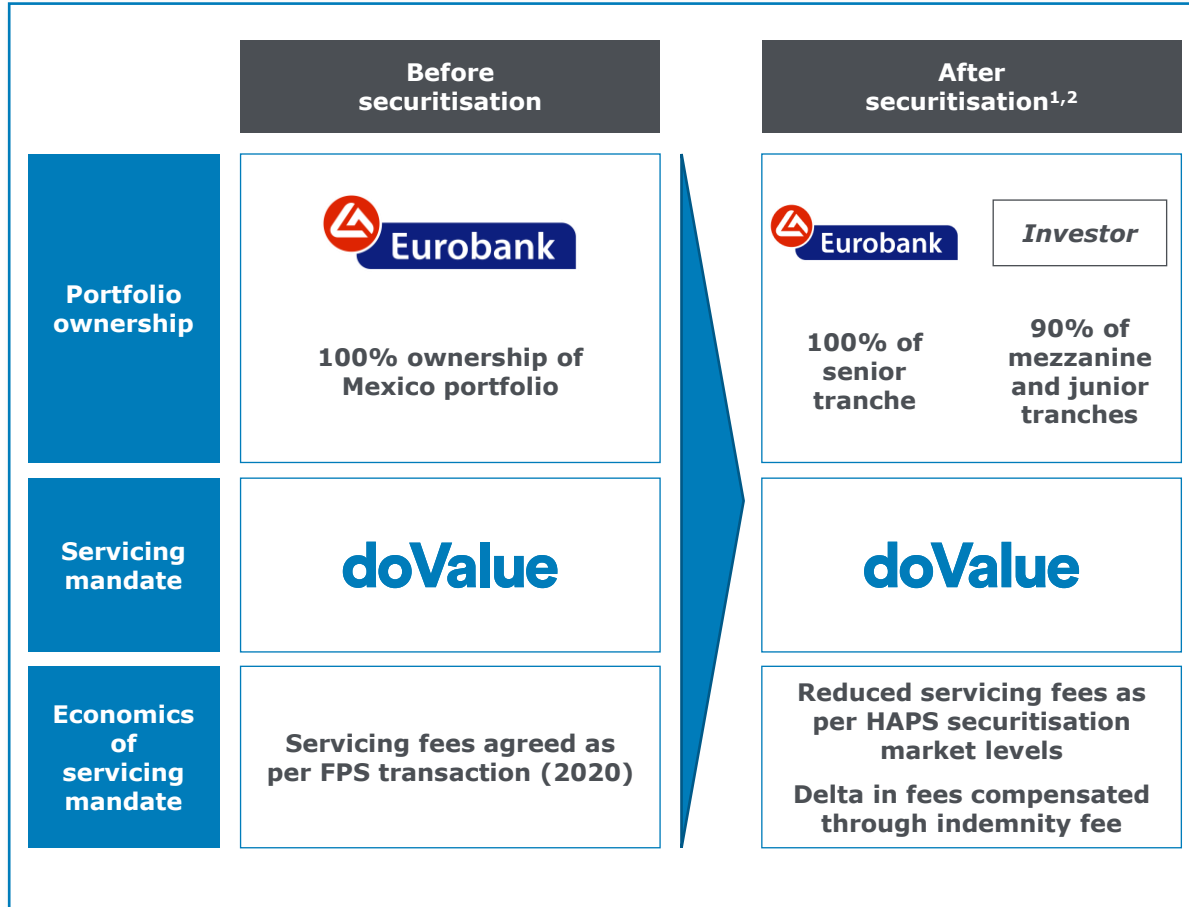

1) Onboarding of the portfolio will be completed in early 2022, limited EBITDA impact for 2022 considering onboarding timing and related costs

2) GBV in Greece as of September 30th, 2021, pro-forma for Project Frontier

Project Mexico

Project Mexico demonstrates ability to manage complex transactions and to offer structured solutions to strategic clients

Transaction structure

Comments

- **May-21: Eurobank started securitization process for Mexico portfolio**
 - Mexico portfolio GBV of approx. €3.2bn already part of doValue GBV
 - Fee revised downward in line with securitization market fees (from Oct-21)
 - Reduction in future fees compensated by upfront indemnity fee

- **Jul-21: doValue submitted offer to Eurobank to bridge sale of notes**
 - Offer aimed at retaining the management of the Mexico portfolio
 - doValue commenced a disposal process for the notes on the market

- **Oct-21: Binding agreement with institutional investor**
 - Agreement for sale of 90% of the notes achieved with capital gain in Q4 2021
 - Completion envisaged before year end
 - doValue to continue to hold 5% of the mezzanine and junior notes
 - * Benefit from fixed coupon remuneration + control over servicing performance

.Note:
 1) doValue to retain 5% of the mezzanine and junior tranches post closing of transaction
 2) Eurobank to retain 5% of the mezzanine and junior tranches post closing of transaction

BidX1

This presentation and any materials distributed in connection herewith taken together with any such verbal or written comments and the contents thereof (together, the "Presentation"). do not constitute or form a part of, and should not be construed as, an offer for sale or subscription of or solicitation of any offer to purchase or subscribe for any securities, and neither this Presentation nor anything contained herein shall form the basis of, or be relied upon in connection with, or act as an inducement to enter into, any contract or commitment whatsoever. Any such offer would only be made by means of formal offering documents, the terms of which shall govern in all respects. You are cautioned against using this information as the basis for making a decision to purchase any security or to otherwise engage in an investment advisory relationship with the company. The distribution of this Presentation in other jurisdictions may be restricted by law and persons into whose possession this document comes should inform themselves about, and observe, any such restriction. Any failure to comply with these restrictions may constitute a violation of the laws of any such other jurisdiction. This Presentation has been prepared based on the information currently available to us and is based on certain key underlying assumptions. The information contained in this Presentation has not been independently verified and no representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness, reasonableness or correctness of the information or opinions contained herein. None of doValue S.p.A., its subsidiaries or any of their respective employees, advisers, representatives or affiliates shall have any liability whatsoever (in negligence or otherwise) for any loss howsoever arising from any use of this document or its contents or otherwise arising in connection with this Presentation. The information contained in this Presentation is provided as at the date of this Presentation and is subject to change without notice.

Statements made in this Presentation may include forward-looking statements. These statements may be identified by the fact that they use words such as "anticipate", "estimate", "should", "expect", "guidance", "project", "intend", "plan", "believe", and/or other words and terms of similar meaning in connection with, among other things, any discussion of results of operations, financial condition, liquidity, prospects, growth, strategies or developments in the industry in which we operate. Such statements, including specifically any guidance or projection, are based on management's current intentions, expectations or beliefs and involve inherent risks, assumptions and uncertainties, including factors that could delay, divert or change any of them. Forward-looking statements contained in this Presentation, and in particular in any relevant guidance, regarding trends or current activities should not be taken as a representation that such trends or activities will continue in the future. Actual outcomes, results and other future events may differ materially from those expressed or implied by the statements and guidance contained herein. Such differences may adversely affect the outcome and financial effects of the plans and events described herein and may result from, among other things, changes in economic, business, competitive, technological, strategic or regulatory factors and other factors affecting the business and operations of the company. Estimated and assumptions are inherently uncertain and are subject to risks that are outside of the company's control. Any guidance and statement refers to events, and depend upon circumstances that may or may not verify in the future. Any future projection and or guidance may be considered valid only as of the date hereof. Neither doValue S.p.A. nor any of its affiliates is under any obligation, and each such entity expressly disclaims any such obligation, to update, revise or amend any forward-looking statements, whether as a result of new information, future events or otherwise. You should not place undue reliance on any such forward-looking statements and or guidance, which speak only as of the date of this Presentation. The inclusion of the projections herein should not be regarded as an indication that the doValue S.p.A. considers the latter to be a reliable prediction of future events and the projections should not be relied upon as such. Use of different methods for preparing, calculating or presenting information may lead to different results and such differences may be material. It should be noted that past performance is not a guide to future performance. Please also note that interim results are not necessarily indicative of full-year results.

By reviewing the Presentation, you acknowledge that you are knowledgeable and experienced with respect to its financial and business aspects and that you will conduct your own independent investigations with respect to the accuracy, completeness and suitability of the matters referred to in the Presentation should you choose to use or rely on it, at your own risk, for any purpose.
