

doBank receives a green light from Bank of Italy and successfully acquires Italfondiaro

Together, doBank and Italfondiaro will represent the largest independent banking group (the “Group”) in Italy with €83 billion gross book value (“GBV”) of loans under management, specializing in credit management services for the Italian banks.

Giovanni Castellaneta: “The creation of the Group is a major milestone in doBank’s expansion in the Italian market which significantly strengthens its position as a leading partner to the Italian banking system”.

Rome, 2nd November 2016 – doBank announces that it received official approval from the Bank of Italy and successfully acquired Italfondiaro S.p.A. (“Italfondiaro”), the second largest independent servicer in Italy.

Together, doBank and Italfondiaro will represent the largest independent banking group (the “Group”) in Italy, specializing in the credit management and collection of performing and non-performing loans with €83 billion GBV of loans under management, and 4,000 employees and external consultants across 24 offices in Italy with headquarters in Verona, Rome and Milan.

The Group will specialize in outsourced management of financial and commercial loans, management of performing and non-performing loans, evaluation and management of real-estate NPLs and collection, conservation, compilation and provision of business information. doBank will serve as a leading entity of the Group.

“The creation of the Group” Giovanni Castellaneta, President of doBank has stated “represents a major milestone in doBank’s expansion in the Italian market which significantly strengthens its position as a leading partner to the Italian banking system”.

“This acquisition” Mr. Castellaneta has continued “allows to enhance the

complementary nature of the various companies, which will keep their respective identities, but will be able to bring together the know-how and the distinctive skills, operating with even more effectiveness in order to develop customized and organic models of collaboration with the Italian banks and other stakeholders in the Italian credit system. doBank and Italfondionario will also exploit significant synergies, thereby freeing additional resources to support the development of increasingly innovative and sophisticated technology platforms, necessary to ensure maximum efficiency and maximum rigor in the management of problematic loans”.

“For almost a decade” doBank President has concluded “doBank and Italfondionario each held the highest ratings by S&P and Fitch, demonstrating the solidity and reliability of the services offered”.
